Fuel Pumps OE

GM Genuine Parts OE fuel pumps are designed, engineered and tested to rigorous standards, and are backed by General Motors. GM Original Equipment fuel pumps are the true OE parts installed during the production of GM vehicles.

MODULAR & ELECTRIC FUEL PUMPS

Electric pumps are offered in standard turbine or modular assembly as specified for each application.

- 98% application coverage for GM Vehicles, dating back to 1986
- GM-recommended replacement part for your GM vehicle's original factory component
- Electrical connections are designed to help eliminate high resistance due to vehicle vibration
- Designed to optimize pump life and reduce fuel pump noise
- Offering the quality, reliability and durability of GM OE

\$15.00 REWARD
EACH MODULAR AND
ELECTRIC FUEL PUMP

Motorcraft®

- Same fuel pumps installed during vehicle production
- Latest engineering enhancements are incorporated
- Hot fuel handling capabilities translate into consistent performance
- Optimal check-valve design and outlet fitting configurations are utilized to meet specific vehicle applications
- Accurate fuel gauge readings are the result of vehicle-specific designs
- Before they are shipped, fuel pumps are 100-percent flow-tested
- Units come as complete assemblies for easier, faster installation

\$15.00 REWARD
EACH MODULAR AND
ELECTRIC FUEL PUMP

Starters and Alternators - Reman

GOLD

ACDelco Gold remanufactured starters and alternators are high-quality alternative to OE parts. These parts are manufactured to meet expectations for fit, form and function making them a smart choice for General Motors vehicles, as well as most other makes and models. These high-quality starters and alternators are backed by General Motors.

- Approx. 2,700 SKUs with an application mix of 20% GM and 80% non-GM
- 100% Performance-tested and inspected to help meet your expectations for quality design and component specifications

REMAN STARTERS

- Starters have bronze sintered, oil-impregnated bushings and the solenoid contacts have copper terminals and plated hardware
- **NEW** brushes on all starters & alternators
- **NEW** solenoids on many top selling starters
- **NEW** solenoid contacts and armature support bushings on all starters

REMAN ALTERNATORS

- Use high-quality bearings with high-temp lube and double-lipped rubber seals while rotors and stators are electronically tested and sealed with secondary insulating coating
- **NEW** brushes on all starters & alternators
- **NEW** bearings on all alternators
- **NEW** regulators on many top selling alternators
