AISIN

Cooling Products

AISIN is a leading manufacturer of cooling products for automotive applications, including water pumps and timing belt kits. Our products are known for their high-quality durability and efficient performance, Making them a popular choice among car manufacturers and auto enthusiasts alike.

- Water Pumps
- Electric Water Pumps (Hybrid)
- Inverter Water Pumps
- Fan Clutches
- Fan Pulley Towers
- Fan Blades
- Hydraulic Tensioners
- Timing Cover Seal Kits
- Thermostats
- Timing Belt Kits
- Coolant Temperature Sensors
- Coolant Control Valves

Cooling
Products.**

Minimum purchase
is \$200 to qualify.
Rebate is rounded
to the nearest
dollar.

**Simply order from Allied using our [WebShop](#) Online Ordering System.
You will be rebated at the conclusion of the program.**

**All promotions are subject to change or modifications. Most orders accumulate.
Monthly Gift Card Monetary Rebates will accrue and be issued at \$30 and above.**

All WebShop promotions are capped, meaning they will end early if funds are exhausted.

BOSCH

Spark Plugs

EVO Spark Plugs

Today's turbocharged gasoline direct injection engines place high demands on spark plugs. To meet these needs, the new Bosch EVO spark plug is engineered to ensure reliable ignition throughout its long service life – even under extreme conditions in modern engines.

Double Iridium Spark Plugs

Bosch Double Iridium Spark Plugs are engineered to deliver both high performance and long life, representing advanced original equipment (OE) spark plug technology.

Double Platinum Spark Plugs

Bosch Double Platinum Spark Plugs are engineered for up to 3X longer service life.

**\$10.00 REWARD WHEN
YOU PURCHASE 10 PLUGS**

BOSCH

Ignition Coils

Ignition Coils

All Bosch ignition coils are built to achieve or exceed OE specifications and are known industry-wide for their reliability and performance. Bosch ignition coils convert low voltage into high ignition system voltage, creating an electric spark sent to the spark plugs which ignites the fuel.

**\$10.00 REWARD WHEN
YOU PURCHASE 4 COILS**

MAXIBAS BT608

The BT608 is a comprehensive battery and electrical system diagnostics tool featuring Adaptive Conductance technology to identify low-capacity batteries and thereby reduce battery misdiagnosis. The Android-based, Wi-Fi touchscreen tablet tool displays a quick battery health status, enables an automatic battery registration and features advanced AutoVIN and ScanVIN functionality for quick vehicle identification and battery specifications. The tool features a built-in thermal printer and one year warranty.

THE IGNITION SPECIALIST™

IGNITION COILS

NGK's ignition coils are manufactured to OE standards for the highest durability and operational performance. Our coil designs are developed and proven tough in our ISO17025 accredited test lab at extreme conditions.

The NGK Difference

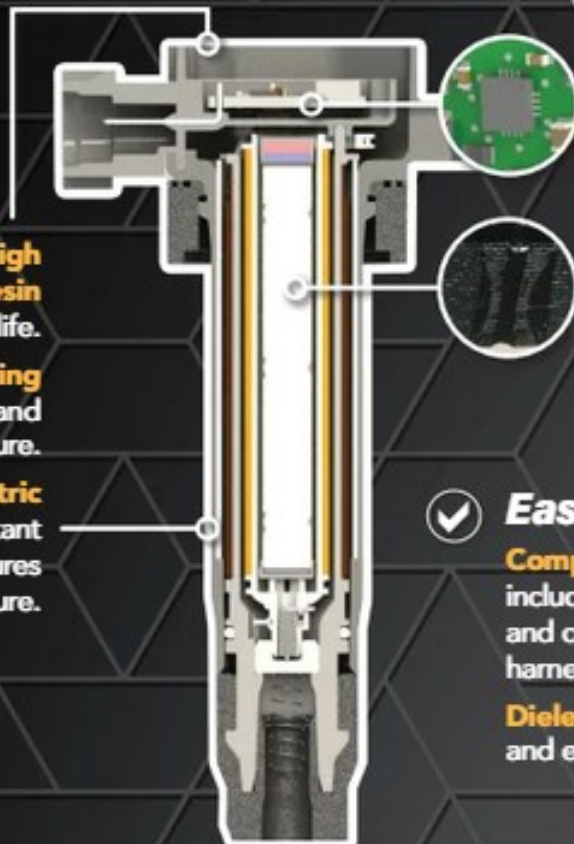

Failure Prevention

Vacuum-sealed high quality epoxy resin ensures longer life.

Shellac winding coating resists voltage arc and component failure.

High-grade dielectric thermal plastic is resistant to extreme temperatures and helps prevent failure.

Optimal Performance

Custom NGK ASIC (Application Specific) chipset optimizes efficiency and prevents component damage.

High-quality electrical steel coil lamination provides best possible spark to maximize efficiency.

Ease of Installation

Complete components that include the ignition control module and coil boot, as well as jumper harnesses where required.

Dielectric grease controls moisture and ensures easy installation

Loaded Knuckles

\$10.00 REWARD WHEN EACH UNIT

Our Pre-Pressed Assemblies Will Change Your Business

It can take an entire day to replace a knuckle or press-in bearing. That's a lot of time to spend on a job that will tie up your lift for hours on end—and may not even be profitable at the end. Fortunately, Dorman loaded knuckles offer a faster, simpler fix.

Our pre-pressed, bolt-on assemblies are a true game-changer, empowering you to slash repair time, simplify scheduling, free up equipment, and delight customers with a much more inclusive solution.
