Brake Calipers

REWARDS CARD REBATES

**\$7.50 EACH UNIT
(\$15.00/PAIR)**

Built Better

Every NuGeon with TechShield 360™ brake caliper is remanufactured under the highest quality standards to meet or exceed the specifications required by the original design, and tested during the assembly process for leaks, free moving pistons, and smooth bracket sliding.

Take advantage of our most popular offer...

Purchase any NuGeon brand remanufactured caliper and receive complete peace of mind absolutely FREE! *Unlimited time only. No restrictions apply.

Simply order from Allied using our [WebShop](#) Online Ordering System.

You will be rebated at the conclusion of the program.

All promotions are subject to change or modifications.

Monthly Gift Card Monetary Rebates will accrue and be issued at \$30 and above.

All WebShop promotions are capped, meaning they will end early if funds are exhausted.

AKEBONO

BRAKE EXPERTS

REWARDS CARD REBATES

\$4.00 EACH SET

Akebono brakes have more than 85 years of brake design expertise in every product they manufacture and are the originator of low dust ceramic pad technology. When looking for the ultimate choice in reduced brake noise, vibration and harshness (NVH) without sacrificing braking performance, Akebono is the undisputed leader in the category.

ORDERING SCREEN**

- Comprehensive electrical testing kit for cars, trucks, tractors, ATVs, Motorcycles, boats & more
- Effortlessly analyze voltage, continuity, impedance and current
- Connection metals are not exposed to the elements or body parts while hot(in use)
- Safety covers for sharp probe tips
- Stainless steel probe tips
- Constructed of PP (polypropylene) - a stronger and more durable material
- 1000V & 30 Amps plus CE certificated
- Best heat insulation on market
- Includes 5K Ω variable resister potentiometers (2), alligator clips (2), acicular probes (4), LED stroboscope (2), SRS Connector (2), 1 to 2 connector (2), 1 to 1 extension cable (4), probe (2), round male terminals w/ female banana socket (12), flat male terminals w/ female banana socket (24), flat female terminals w/ female banana socket (24) & round female terminals w/ female banana socket (12)

Portacool PACJS2301A1 Jetstream 230 Portable Evaporative Cooler

**ONLY
\$1,149**

**PAYS FOR
ITSELF WITH
INCREASED
PRODUCTIVITY
ON THOSE
SUPER
HOT DAYS**

- Air delivery - 3,600 CFM / 6,116 m3/hr
 - Cooling Capacity: 900 s.f. / 84 m2
 - Velocity: 27 mph / 43 kph
 - Speeds: Variable
 - Made in the USA with domestic and global parts.
- Lifetime warranty on evaporative cooler housing against manufacturing defects and three year warranty on all electrical components

When it comes to new compressors, you can't do better than going with a unit manufactured by the OE supplier. At DENSO, we know these units better than anyone because we originally designed them. Factory-new compressors make up 90% of our coverage.

DORMAN® **NEW SINCE 1918** **STEERING SHAFTS**

REWARDS CARD REBATES

\$10.00 EACH UNIT

Dorman steering shafts directly replace the original equipment on specific vehicle applications. They are thoroughly tested to meet Federal Motor Vehicle Safety Standards, and precision-machined to ensure a tight, secure fit.

- Precise fit - Dorman steering shafts are engineered within strict tolerances to directly replace the original shaft on certain vehicle years, makes and models
- Safety tested - each design meets rigorous regulatory standards to ensure driver safety in a collision
- Trustworthy performance - built to meet thorough torsional, tensile, fatigue and other durability testing for reliable operation
- Corrosion resistant - salt spray testing and premium coating help ensure future longevity

Nissens®

DELIVERING THE DIFFERENCE

OE Matching Quality

Designed, manufactured and thoroughly tested according to OE requirements.

Easy-handling packaging and excellent protection against transport damages.

Nissens radiators are submitted to corrosion, vibration, pressure impulse, thermal expansion and thermal performance tests.

Radiators

Features and Benefits

OE-Design

Continuous improvements made to OE designs

Tested

Compressor and turbine wheels are rigorously tested.

Coverage

Comprehensive import and domestic application coverage

Reliability

Reliability throughout the service life of the turbocharger.

Quality

Every unit is completely disassembled, and all components are inspected for Quality Assurance.

Balancing

Balancing is performed at both the Component level and at the Core Assembly level.

Performance Powered by OE.

OE-Quality, precisely calibrated, sustainably manufactured and new, high-performance turbochargers designed to meet the durability, reliability and technology demands of complex engines.
