Premium Diesel Fuel Injectors

## PREMIUM BRAKING PERFORMANCE

Wagner OE<sup>x</sup> brake pads are specifically designed to provide premium braking performance for trucks, SUVs and CUVs. Equipped with a proprietary friction formulation and patented, vehicle-specific and customized slot designs, these pads are engineered to deliver up to two times longer pad life, less dust, and reduced rotor wear.

**\$5.00 REBATE**

**EACH OE<sup>x</sup> SET AND EACH ROTOR (\$10.00/PAIR) REBATED ON YOUR MONTHLY GIFT CARD.**

## PREMIUM ROTORS FOR PREMIUM BRAKE PADS

Premium Wagner<sup>®</sup> Brake rotors are engineered for maximum performance with an E-Shield<sup>®</sup> protective electro-coating applied to all non-braking surfaces. This black-colored coating prevents corrosion, makes removal for service fast and simple, and is visually attractive for open spoke wheels. A turned, smooth surface finish aids in the proper seating of the friction and requires less time for rotor "break-in".

## **PRECISION MADE**

Premium components for both the motor and fuel module components, from precision-made, computer-controlled rotationally balanced armatures, to CNC-machined impeller housing and motor shells, no details are spared in order to do what it takes to produce a premium quality fuel pump.
